Your Honor:

*May St. Joseph, protector of the human family and advocate of the dignity of human work, keep us under his fatherly care.*

It has come to our attention that a casino will be put up at Great Eastern Hotel, Quezón Ave. We seek your help that this project not push through.

As the enclosed editorial cartoon (Attachment 1) states, gambling destroys the moral fiber of society and distorts work ethics. West Triangle Subdivision, where the proposed casino will be located, is a closely knit, family oriented neighborhood. Casino operations will certainly disturb its peace!

I am also enclosing official statements (Attachment 2 and 3) of two past presidents of the Catholic Bishops Conference of the Philippines (CBCP)

We pray that you will be able to help us. We remember you in our prayers.

Very truly yours,

### CBCP STATEMENT ON GAMBLING

In the past few days some writers and politicians have attacked the integrity and credibility of the Catholic Bishops Conference of the Philippines (CBCP) with regard to gambling. In view of this the CBCP issues the following statement:

*We categorically deny that the CBCP as a body has ever solicited or knowingly received funds from illegal gamblers. We express great sorrow if individual religious leaders and/or religious institutions had solicited funds for charitable purposes from public monies gained from legal gambling. But as pastors who deeply care for the poor, we would be the first not to judge their consciences on this matter. For it is most unfortunate that in our situation of poverty today public funds gained from legal gambling are often the only resource for the poor to be assisted adequately. Even if this were so, the CBCP does not encourage this manner of helping the poor. It could easily be construed as approving and promoting the culture of gambling and thereby scandalize the faithful.*

To inform the public better about the reasons for this CBCP position, we present the following moral teachings and pastoral imperatives:

1. The Catholic Church teaches that "games of chance or wagers are not in themselves contrary to justice. They become morally unacceptable when they deprive someone of what is necessary to provide for his needs and those of others. The passion for gambling risks becoming an enslavement" (Catechism of the Catholic Church, no. 2413). This moral teaching does not prohibit some forms of gambling in certain situations. In consequence, it does not prohibit people or institutions, even church-related ones, from receiving benefits from such gambling.
2. However, applying the general moral principle to the specific Philippine situation, the CBCP has deemed it necessary to state on several occasions that the form of gambling that is organized, widespread, and systemic, whether legal or illegal, is not desirable. It is creating a culture of gambling that is seriously eroding the moral values of our people. In its illegal form, especially *jueteng*, gambling has bred a clandestine network of corruption that feeds itself on the hundreds of millions of pesos lost to gambling especially by the poor.
3. Therefore, the CBCP has made it a collective policy:
  - o To denounce illegal gambling in all its forms and prevent its legalization;
  - o To combat the expansion of organized and systemic legal gambling;
  - o To refrain from soliciting or receiving funds from illegal and legal gambling so as not to promote a culture of gambling; and
  - o To encourage church personnel and church institutions to refrain from doing the same, even when the objective may be that of helping the poor.

Today the CBCP renews its commitment to combat the growing culture of gambling in our country by faithfully adhering to the policy its members had collectively agreed upon.

### **RADICATE GAMBLING: IT IS MORAL AND SOCIAL CANCER** (A Pastoral Statement on Gambling)

For the past 15 years the Bishops of the Philippines have been denouncing gambling in its various forms, especially *jueteng*.

*Whether it is jueteng or masiao or any other form, gambling as systematic, widespread and illegal is truly a moral and social cancer.*

It has become an insidious subculture of immense corruption that involves a shadowy network of powerful financiers, protectors, and lords. It destroys moral values such as industry and hard work, accountability and honesty, integrity and justice. Such gambling is never a moral virtue. It is a moral vice that, because of its systematic rampancy, has become entrenched within the psyche of many and within our social system, corrupting these from within.

With the huge sums that they control without any accountability to anyone but themselves, gambling lords can make or unmake political and professional careers by corrupting law enforcement and political processes and the people that run them. The public testimonies of various people involved in gambling have told us of the incredible territorial and personal coverage of *jueteng* alone and the vast unimaginable amounts of profits gained, astoundingly far higher than the yearly budgets of many municipalities and cities in the country.

Gambling exploits the poor in a particular way. Fleecing the poor of the little they have, some 85% of gambling profits return to the pockets of gambling operators. With their hard-earned money the poor are daily lured by the easy money that gambling vainly promises. Whatever little recreational value it might have cannot justify the immense suffering inflicted on entire families because of the loss of money needed for the basic necessities.

We, therefore, once again strongly denounce systematic, widespread and illegal gambling in whatever form. We strongly denounce any attempt to legalize it. We once again appeal to our political leaders, lawmakers and law enforcers to put teeth to our anti-gambling laws, ferret out the gambling lords and their protectors, and punish them with the full force of the law. We encourage and support citizens' movement, such as *Krusadang Bayan Laban sa Jueteng* (Jueteng, Free Philippines), to root out gambling from our culture. With the Blessed Virgin Mary, we pray to the Lord that this moral and social cancer of gambling be finally and decisively excised from our culture.

THE PRESIDING OFFICER  
Office of the City Council

Greetings:

With due respect, I would like to interpose my vehement objection to the application for approval of the subdivision plans of the **Montville (Phases II, III & IV)** and **Metroville III** Subdivision projects being developed by *Harvard Multiland Realty Corporation* (Harvard for brevity) & *Mr. Richard S. Chuateco*, and the *City Homes Inc.* (City Homes for brevity) & *Golden Haven Construction & Development Corporation* (Golden Haven for brevity) over a parcel of land consisting of 15,000 square meters situated in Panama St., Veterans Village, Brgy. Holy Spirit, Quezon City.

For information, I am the owner of this assailed land area, embraced by TCT 8240 in the name of Laureano de Asis, now transferred in my favor, attached hereto copy of TCT 8240 and Deed of Sale, as Annex "A" and Annex "B".

Previously, 5,000 square meters of land area to be developed as Montville Place (Phase I), was already granted approval by your Hon. Office pursuant to Ordinance No. SP 198, S-2009, attached hereto as Annex "C". Then, Harvard was able to secure certificate of registration and license to sell over this area subdivided into lots. This is now the subject of a pending case/complaint for cancellation of registration and license before the Office of the Housing and Land Use Regulatory Board (HLURB). For ready reference, I am attaching copy of the verified complaint as Annex "D".

For your consideration, the HLURB acting our complaint, had conducted an ocular inspection and found out several violations. The HLURB as a result, issued cease and desist Orders against the above developers, attached hereto as Annex "E".

These developers are committing very dangerous and deleterious practices in the real estate and subdivision business, thereby deceiving the public into buying unsecured real properties. I am inclined to believe that your Hon. Office, despite your noble intention, was hoodwinked by the

MR. LAUREANO DE ASIS  
412-6811

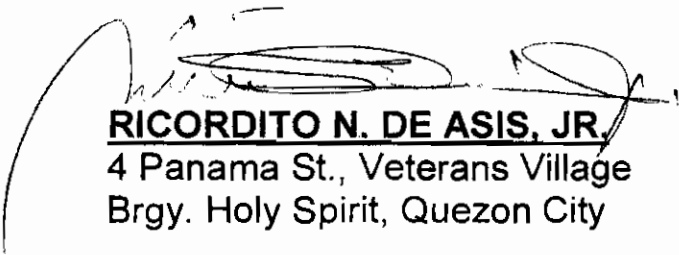

- 31 -

In view hereof, I am respectfully requesting that any application for approval of subdivision plans by these developers involving Phases II, III & IV of Montville Place and Metroville III Subdivision projects be denied or at least held in abeyance until compliance by the said developers of pertinent laws and regulations.

I hope that this will merit your kind consideration.

God bless and more power!

Very truly yours,

3. Ornamental trees shall be planted on the planting strip along the side of primary-utility lines, alleys, and pathwalks.

**Evaluation of Facts:**

1. The project site is located within (R-2) Medium Density Residential Zone where economic and socialized housing developments are allowed.
2. With Locational Clearance (LC No. R-10-32410) issued by the City Planning and Development Office dated 28 September 2010.

7. Memorandum of Agreement between the Community Association and QUEZON CITY GOVERNMENT as "ORIGINATOR" dated 05 April 2011.
8. However, the proposed subdivision plan shows that out of 84 saleable lots there were 2 lots (2.40%) w/ 20.00 sq. m. each falls below the minimum standard of 28.00 sq. m. Generally, this project can therefore be treated as a variance pursuant to Section 9, Rule III of the Implementing Standards, Rules and Regulations of Batas Pambansa Bilang 220.

"A Resolution Requesting Honorable Mayor Herbert M. Bautista to Put Up a Marker Where the Late U.P. Professor Ma. Lourdes Estella-Simbunan Died to Symbolize the City's Advocacy to Make Commonwealth Avenue One of the Country's Safest Thoroughfares and to Recognize the Concerted Efforts of Said City and of the University of the Philippines"

Dear Members of the City Council,

This is with respect to the aforementioned proposed resolution of the 18<sup>th</sup> City Council of Quezon City, introduced by Councilor Ivy Xenia Lim-Lagman, to put up a marker to promote road safety along Commonwealth Avenue.

We would like to express our concurrence with and support to the City Council's endeavour. We would like to suggest some minor revisions in the inscription on the marker, which you may consider, to read as follows:

"This Marker serves as an enduring symbol of Quezon City's unwavering commitment to make Commonwealth Avenue one of the safest thoroughfares in the Philippines;"

"This Marker honors the victims of road accidents and their families who have spurred the Quezon City Government to ensure the safety of its motorists, riding public, and pedestrians, and reawakened the deep civic duty of the University of the Philippines as a vital partner in championing road safety advocacies;"

"This Marker is in memory of the late U.P. Professor Ma. Lourdes Estella-Simbulan and of the lives that were lost under similar circumstances, catalyzing the Quezon City Government and the University of the Philippines to institutionalize road safety advocacies and ensure that not a single life has been lost in vain."

*(Revisions are in bold and underscored.)*

We greatly appreciate the City Council for recognizing the University of the Philippines as an integral partner in Quezon City's efforts to promote road safety, and for remembering and giving honor to one of our esteemed professors, Prof. Ma. Lourdes Estella-Simbulan.

Thank you very much.

Yours sincerely,

City Govt. Asst. Dept. Head III

**Subject: Motion for Reconsideration of City Council's Resolution in connection with Administrative Case No. 168-11 against Punong Barangay Arturo Halili**

**Gentlemen:**

I respectfully request the City Council to reconsider its approval of the Resolution dated 10 May 2011 of the Special Investigative Committee on Administrative Cases Against Elective Barangay Officials (the "Committee") in Administrative Case No. 168-11 entitled "Edgardo F. Santos vs. Punong Barangay Arturo Halili, only insofar as the City Council approved the recommendation that Punong Barangay Arturo Halili be only reprimanded. I received the letter dated 17 July 2012 from the Office of the City Secretary informing me of the Resolution of the City Council on July 18, 2012.

Considering that the Committee correctly found that Punong Barangay Arturo Halili had illegally installed the no parking signages along the streets of Tolentino, San Vicente and San Pedro Bautista of Barangay Damayan, Quezon City without any lawful authority or valid city parking ordinance allowing the same, the penalty of reprimand is too light and simply a tap on the wrist for such illegal action.

Punong Barangay Halili clearly acted with grave abuse of authority in installing the no parking signages without proper coordination with the Department of Public Order and Safety and in the absence of any city ordinance prohibiting parking along said streets. His actions caused much confusion and problems to the residents and establishments around the area whose businesses were severely prejudiced by the putting up of these signs without any legal basis. This also became the source of harassment of motorists by barangay traffic enforcers.

The very actions of Punong Barangay Halili speak for themselves. Punong Barangay Halili's bad faith is evident when he tried to justify his actions and evade liability by citing an ordinance which is no longer effective. He cannot claim good faith or ignorance. As an elected public official, Punong Barangay Halili is accountable to the people and is expected to observe the highest ethical standards in public service. Further, the presumption that a public official has regularly performed his duties is not applicable in the instant case in view of the undisputed

finding by the Committee that the no parking signages were installed by Punong Barangay Halili without any lawful authority.

To serve as an example so that others who may be similarly situated would desist from committing the same illegal acts as Punong Barangay Halili, I respectfully request that the penalty of reprimand be reconsidered and increased to suspension, if not dismissal.

Thank you.

Very truly yours.
